

32.01.25.01 General Administration  
General Fund Appropriation....

800,295

~~It is the Legislature's intent that the Superintendent position be transferred to program 32.01.25.10 and reclassified to Medical Director. It is also the Legislature's intent that direct care physician positions be converted to contractual services as soon as possible. The Department of Health and Mental Hygiene is requested to submit to the 1979 Legislature a plan to implement those recommendations contained in the MEDICUS Report pertaining to changing the roles of physicians.~~

It is the Legislature's intent that the Department consider the conversion of the Direct Care Physician positions to contractual services as soon as possible. The Department of Health and Mental Hygiene is requested to submit, to the 1979 Legislature, a plan to implement these recommendations and other recommendations pertaining to changing the roles of physicians. It is the belief of the Legislature that the duties of the Superintendent's position should be divided between two positions, Administrator and Medical Director, but that this concept, if adopted, should not be implemented until the current Superintendent no longer occupies that position.
